

STAFF DEVELOPMENT, REFRESHMENTS, AND AWARDS

In the process of staff development and morale, the Superintendent may find it correct to schedule groups of Toronto City Schools employees at one location to participate in various programs for improving their service to the schools or performing other tasks germane to improving the Toronto City Schools. The Superintendent may also purchase (from general funds) refreshments (items such as coffee, soft drinks, baked goods, etc.) to be served during those scheduled meetings and awards to be presented to individuals or groups for their service to the School District.
