

HEALTH AND SAFETY IN SCHOOL BUILDINGS

The Board of Education directs the Superintendent to periodically review the policies and procedures of the Board to ensure that students, employees, and other persons using District buildings are safe from any known hazards in the buildings or on the building grounds that, in the judgment of the Superintendent, pose an immediate risk to health or safety. The Superintendent shall further ensure that the policies and procedures of the Board comply with all federal laws and regulations regarding health and safety applicable to school buildings.
