

### **STUDENT FEES AND FINES**

The Board of Directors offers a wide range of courses for its students, and has determined it to be necessary to establish the following charges to students. If the Board determines that a student is in serious financial need, it may choose to provide any or all such materials free of charge.

The Board shall not charge a fee to a student who is eligible for a free lunch under the National School Lunch Act, as amended, and the Child Nutrition Act of 1966, as amended, for any materials needed to participate fully in a course of instruction. This does not apply to any materials needed to enable a student to participate fully in extra-curricular activities or in any student enrichment programs that are not a course of instruction or to any tools, equipment, or materials that are necessary for workforce-readiness training within a career-technical education program to the extent that the tools, equipment, and materials are not consumed but may be retained by the student upon course completion.

Students who cause damage to school property shall be subject to disciplinary measures, and their parents shall be financially liable for such damage to the extent of the law, except that students over eighteen (18) years of age shall also be liable for damage they cause.

The Board authorizes the imposition of fines for the loss, damage or destruction of school equipment, apparatus, musical instruments, library material, textbooks, and for damage to school buildings and reserves the right to withhold a report card or credits from any student whose payment of such fine is in arrears and the Board may report to the appropriate juvenile authorities any student whose damage of school property has been serious or chronic in nature. Damage to school equipment, textbooks, and other property shall be charged according to the current market value to repair or replace the item.
