

BOARD CONFERENCES, CONVENTIONS AND WORKSHOPS

In keeping with its stated position on the need for continuing in-service training and development for its members, the Board of Directors encourages the participation of all members at appropriate school conferences, workshops and conventions. However, in order to control both the investment of time and funds necessary to implement this policy, the Board establishes these principles and procedures for its guidance.

- A. A calendar of school conferences, conventions and workshops should be maintained by the Executive Director. The Board of Directors will periodically decide which meetings appear to be most promising in terms of producing direct and indirect benefits to the School.
- B. Funds for participation in such meetings will be budgeted on an annual basis. When funds are limited, the Board of Directors will designate which of its members will be most appropriate to participate at a given meeting.
- C. Reimbursement to the Board of Directors members for their travel expenses will be based upon vouchers provided by them in full. When a conference, convention or workshop is not attended by the full Board of Directors, those who do participate may be requested to share information, recommendations and materials acquired at the meeting.
