

BOARD - STAFF COMMUNICATIONS

The Board of Education desires to maintain open channels of communication between itself and the staff. The basic line of communication will, however, be through the Superintendent.

All official communications, policies, and directives of the Board that concern staff interests will generally be communicated through the Superintendent, who shall also keep staff members informed of the Board's concerns and actions. This policy is meant to encourage communication through established procedures.

Visits to Schools

Individual Board members may be interested in visiting schools on occasion. They shall inform the building principal of such planned visits and make arrangements for visitation through the principal.
