

TRANSPORTATION

Transportation for students experiencing homelessness will be provided in accordance with the McKinney-Vento Act, 42 U.S.C. §11431 et seq.

General Provisions

- A. All provisions of law, State Department of Education regulations, and local Board of Directors regulations pertaining to transportation shall be in effect and shall be applied uniformly to all resident students.
- B. All determination of distances shall be made by the districts providing transportation.
- C. The supervision of students while riding the bus is the direct responsibility of the driver. Transportation will be denied to students whose conduct is such as to disturb good order and discipline. Such students will be referred to the appropriate principal for such other discipline as may be deemed necessary. The safety of all the students must be the primary concern in such instances.
- D. No ineligible student may be transported at any time without specific authorization from the Executive Director or his/her designee. There is no provision in law for the transportation of ineligible students with or without payment of fees.
- E. All exceptions will be granted for a period of one year only and will be reviewed on an annual basis.
- F. Exceptions granted by the Administration will be documented in writing, including rationale for exceptions, to the Board for informational purposes only.
- G. All students must ride their regularly scheduled bus to and from school unless they have a written request from their parent or legal guardian describing an emergency or unusual situation. This note must be presented to the building principal on the morning of the request.
- H. No student can be transported outside of the attendance area for his/her school. In an emergency situation, the student can be transported to another location in the attendance area. The student will be dropped off at the established stop closest to the location that is desired.

- I. The School shall not reduce the transportation it provides to students that it is not required to transport under O.R.C. §3327.01, but that it chooses to transport, during a school year after the first day of that school year.

Students Experiencing Homelessness

- A. Transportation shall be provided homeless children and youth to and from the child's school of origin, if requested by the child's parent or guardian or the liaison on behalf of an unaccompanied youth.
- B. For transportation other than to the school of origin, transportation services shall be provided homeless children and youth that are comparable to services offered to other students.
- C. The School shall work to eliminate transportation issues that act as barriers to the enrollment of homeless children.
