

LATCHKEY PROGRAMS

Before instituting a latchkey program, the Superintendent shall notify parents and other interested parties that the Board of Education is considering participating in the provision of latchkey programs. The Board will accept public input on the Board's decision whether or not to participate, as well as any other decisions concerning the District's role in the implementation and funding of any latchkey programs if the Board does decide to participate. The Board will accept regular and periodic input in evaluating District participation in the provision of latchkey programs.

Those fees or tuition charged by the Board must be deposited into a special fund designated to receive such funds.

LEGAL REFS.: O.R.C. §3313.208
